

Patching, leveling, milling, widening, shoulder preparation, culvert repair, and other repairs necessary for the preservation of roads, streets, bridges, sidewalks, and bicycle paths.

Storm-water capital outlay projects and drainage capital outlay projects maybe funded pursuant to subparagraph (a)(1)(D) of Code Section 48-8-111 or in conjunction with road, street, and bridge capital outlay projects

Following the meeting on June 18th, the BOC will draft an intergovernmental agreement with the details agreed upon and any other provisions required by law. The draft intergovernmental agreement should be executed at each of our respective July meetings.

After the intergovernmental agreement has been executed, the Board of Commissioners will vote whether or not to include the referendum question on the ballot for the general election on November 6th.

The ballot question would read similar to this:

"Shall a special 1% percent sales and use tax be imposed in the special district consisting of Oglethorpe County for a period not to exceed 5 years and for the raising of not more than an estimated amount of \$4,000,000 for transportation purposes?"

Please contact the Board of Commissioners office if you have any questions.
